SPEAKER BAACK: The amendment is adopted. The next item, Mr. Clerk.

CLERK: Mr. President, Senator Warner would move to amend with 2234, Senator. (The Warner amendment appears on page 2798 of the Legislative Journal.)

SPEAKER BAACK: Senator Warner.

SENATOR WARNER: Mr. President and members of the Legislature, this is an amendment that was a part of LB 754 to come up. You will recall that the definition for reformulating gasoline was to be...needs to be changed by January 1 of 1992. It was suggested that in the event that 754 has any problems that this would be well to adopt here. It's sort of immaterial to me whether it is or if it isn't but I think it would be a safeguard to have it here with this late in the session and make it unnecessary for any problem on 754. Pardon? Yeah. Well, no, it's the definition.

SPEAKER BAACK: Any discussion on the amendment by Senator Warner? Senator Coordsen.

SENATOR COORDSEN: Thank you, Mr. Speaker, members of the body, only to agree with what Senator Warner said. If you recall from our discussion last week on 754, it contained a lot of controversial material but because of some language that we passed last session that would have precluded, as I understand the sale of ethanol in Nebraska upon...when January 1, 1992 came into being. So we do need to pass this particular section out of 754 this year in order to continue to have gasohol available, ethanol available to our purchasers. So I would encourage the adoption of the amendment.

SPEAKER BAACK: Thank you, Senator Coordsen. Anyone else wishing to address the amendment? Senator Warner, did you wish to close? Waives closing. We will now vote on the amendment by
